

Nationwide Industrial Compliance & Education Ltd

BICSc : Training The Trainers

Why Attend?

The TRAINING THE TRAINERS course will give a thorough grounding for all of those who would like to train on any of the Institute's schemes. It is valid as a training tool for many occupations, however, it is clearly directed to training within the cleaning industry.

How Will Your Organisation Benefit?

- Improve cleaning and hygiene standards within healthcare premises
- Benefit from cost effective training and assessment
- Raise the standards of training on the COPC Scheme and make them consistent

Who Can Deliver The Course?

Any approved BICSc assessor who have themselves passed the course or any BICSc moderator.

Where Can It Be Delivered?

At any BICSc approved centre. We do not require separate moderation for this course but a moderator will be needed to run the first course to qualify assessors and approve the resources.

What Is Covered In The Course:

- Preparation of training
- Health and safety
- Weights and measures
- Training objectives
- Class/group management
- Psychology of learning
- Presentation of self
- Course induction
- Training styles
- Flip chart, chalk boards, slide projectors, videos, overhead projectors
