External examination of candidates.

3. First Aid at Work Refresher:

FAW requalification training should cover the topics of the full FAW course in sufficient detail to ensure students are competent on completion. External examination of candidates.

This 18-hour qualification is revalidated by completing a 2-day (12-hour) First Aid at Work Refresher qualification. As well as full attendance each candidate is continually assessed on each section of the programme and then has to complete an external examination, according to current HSE regulations.

Candidates MUST supply their previous First Aid at Work qualification details before attending the course. If individuals book on, or are booked on by an employer, the course with an invalid certificate NO STATUTORY CERTIFICATE CAN BE ISSUED. The full FAW and Refresher FAW qualification have valid 3 year lifetimes. The Refresher FAW qualification may be completed up to 28 days past its expiry date.

4. Basic Skills Refresher course:

Annual 3-hour essential life saving skills refresher. This training is strongly recommended by the HSE for all who have completed a statutory 3-day First Aid at Work, a statutory 2-day First Aid at Work Revalidation, or a statutory 1-day Emergency First Aid at Work qualification.

Candidates should demonstrate their competence to:

- * Assess the situation in an emergency;
- * Administer first aid to a casualty who is unconscious (including seizure);
- * Administer cardiopulmonary resuscitation;
- * Administer first aid to a casualty who is wounded and bleeding;
- * Administer first aid to a casualty who is suffering from shock.

5. ITC Level 2 Award in Paediatric First Aid:

Satisfies Ofsted requirements and meets Early Years Foundation Stage practice guidance and statutory guidelines.
